**Block:** When a Both Down result is applied during a Block action, this player may choose to ignore it and not be Knocked Down.

**Claws:** When you make an Armour roll against an opposition player that was Knocked Down as the result of a Block action performed by this player, a roll of 8+ before applying any modifiers will break their armour, regardless of their actual Armor Value.

**Dodge:** Once per team turn, during their activation, this player may re-roll a failed Agility test when attempting to Dodge.

Additionally, this player may choose to use this Skill when they are the target of a Block action and a Stumble result is applied against them.

**Foul Appearance\*:** When an opposition player declares a Block action targeting this player (on its own or as part of a Blitz action), or any Special action that targets this player, their coach must first roll a D6, even if this player has lost their Tackle Zone. On a roll of 1, the player cannot perform the declared action and the action is wasted.

This Skill may still be used if the player is Prone, Stunned, or has lost their Tackle Zone.

**Frenzy\*:** Every time this player performs a Block action (on its own or as part of a Blitz action), they must follow-up if the target is pushed back and if they are able. If the target is still Standing after being pushed back, and if this player was able to follow-up, this player must then perform a second Block action against the same target, again following-up if the target is pushed back.

If this player is performing a Blitz action, performing a second Block action will also cost them one square of their Movement Allowance. If this player has no Movement Allowance left to perform a second Block action, they must Rush to do so. If they cannot Rush, they cannot perform a second Block action.

Note that if an opposition player in possession of the ball is pushed back into your End Zone and is still Standing, a touchdown will be scored, ending the drive. In this case, the second Block action is not performed.

A player with this Skill cannot also have the Grab skill.

**Guard:** When a player performs a Block action (including as part of a Blitz action) this player can offer both offensive and defensive assists regardless of how many opposition players are Marking them.

**Mighty Blow (+1):** When an opposition player is Knocked Down as the result of a Block action performed by this player (on its own or as part of a Blitz action), you may modify either the Armour roll or Injury roll by the amount shown in brackets. This modifier may be applied after the roll has been made.

This Skill cannot be used with the Stab or Chainsaw traits.

**No Hands\*:** This player is unable to take possession of the ball. They may not attempt to pick it up, to catch it, or attempt to interfere with a pass. Any attempt to do so will automatically fail, causing the ball to bounce. Should this player voluntarily move into a square in which the ball is placed, they cannot attempt to pick it up. The ball will bounce and a Turnover is caused as if this player had failed an attempt to pick up the ball.

**Regeneration:** After a Casualty roll has been made against this player, roll a D6. On a roll of 4+, the Casualty roll is discarded without effect and the player is placed in the Reserves box rather than the Casualty box of their team dugout. On a roll of 1-3, however, the result of the Casualty roll is applied as normal.

This Trait may still be used if the player is Prone, Stunned, or has lost their Tackle Zone.

**Sidestep:** If this player is pushed back for any reason, they are not moved into a square chosen by the opposing coach. Instead you may choose any unoccupied square adjacent to this player. This player is pushed back into that square instead. If there are no unoccupied squares adjacent to this player, this Skill cannot be used.

**Stand Firm:** This player may choose not to be pushed back, either as the result of a Block action made against them or by a chain-push. Using this Skill does not prevent an opposition player with Frenzy skill from performing a second Block action if this player is still Standing after the first.

**Sure Hands:** This player may re-roll any failed attempt to pick up the ball. In addition, the Strip Ball skill cannot be used against a player with this Skill.

**Thick Skull:** When an Injury roll is made against this player (even if this player is Prone, Stunned or has lost their Tackle Zone), they can only be KO'd on a roll of 9, and will treat a roll of 8 as Stunned result. If this player also has the Stunty trait, they can only be KO'd on a roll of 8, and will treat a roll of 7 as a Stunned result. All other results are unaffected.
