**Raiding Party!:** Once per drive, whenever Ivar begins his activation, he may choose one Open player on his team within five squares. The chosen player may immediately move one square, ignoring Tackle Zones, though they must end this move Marking an opposition player.

**Catch of the Day!:** Once per half, if Rodney is Standing and begins his activation within 3 squares of a ball which is on the ground he may roll a D6. On a 1-2, nothing happens. On a 3+, Rodney immediately gains possession of the ball.

**Block:** When a Both Down result is applied during a Block action, this player may choose to ignore it and not be Knocked Down.

**Catch:** This player may re-roll a failed Agility test when attempting to catch the ball.

**Diving Catch:** This player may attempt to catch the ball if a pass, throw-in or kick-off causes it to land in a square within their Tackle Zone after scattering or deviating. This Skill does not allow this player to attempt to catch the ball if it bounces into a square within their Tackle Zone.

Additionally, this player may apply a +1 modifier to any attempt to catch an accurate pass if they occupy the target square.

**Dodge:** Once per team turn, during their activation, this player may re-roll a failed Agility test when attempting to Dodge.

Additionally, this player may choose to use this Skill when they are the target of a Block action and a Stumble result is applied against them.

**Fend:** If this player is pushed back as the result of any block dice result being applied against them, they may choose to prevent the player that pushed them back from following-up. However, the player that pushed them back may continue to move as part of a Blitz action if they have Movement Allowance remaining or by Rushing.

This Skill cannot be used when this player is chain-pushed, against a player with the Ball & Chain trait or against a player with the Juggernaut skill that performed the Block action as part of a Blitz.

**Guard:** When a player performs a Block action (including as part of a Blitz action) this player can offer both offensive and defensive assists regardless of how many opposition players are Marking them.

**Jump Up:** If this player is Prone they may stand up for free (i.e., standing does not cost this player three (3) squares of their Movement Allowance, as it normally would).

Additionally, if this player is Prone when activated, they may attempt to Jump Up and perform a Block action. This player makes an Agility test, applying a +1 modifier. If this test is passed, they stand up and may perform a Block action. If the test is failed, they remain Prone and their activation ends.

This Skill may still be used if the player is Prone or has lost their Tackle Zone.

**Leader:** A team which has one or more players with this Skill gains a single extra team re-roll, called a Leader re-roll. However, the Leader re-roll can only be used if there is at least one player with this Skill on the pitch (even if the player with this Skill is Prone, Stunned or has lost their Tackle Zone). If all players with this Skill are removed from play before the Leader re-roll is used, it is lost. The Leader re-roll can be carried over into extra time if it is not used, but the team does not receive a new one at the start of extra time. Unlike standard Team Re-rolls, the Leader Re-roll cannot be lost due to a Halfling Master Chef. Otherwise, the Leader re-roll is treated just like a normal team re-roll.

**Loner (3+)\*:** If this player wishes to use a team re-roll, roll a D6. If you roll equal to or higher than the target number shown in brackets, this player may use the team re-roll as normal. Otherwise, the original result stands without being re-rolled but the team re-roll is lost just as if it had been used.

This Trait must still be used if the player is Prone or has lost their Tackle Zone.

**Loner (4+)\*:** If this player wishes to use a team re-roll, roll a D6. If you roll equal to or higher than the target number shown in brackets, this player may use the team re-roll as normal. Otherwise, the original result stands without being re-rolled but the team re-roll is lost just as if it had been used.

This Trait must still be used if the player is Prone or has lost their Tackle Zone.

**Mighty Blow (+1):** When an opposition player is Knocked Down as the result of a Block action performed by this player (on its own or as part of a Blitz action), you may modify either the Armour roll or Injury roll by the amount shown in brackets. This modifier may be applied after the roll has been made.

This Skill cannot be used with the Stab or Chainsaw traits.

**On the Ball:** This player may move up to three squares (regardless of their MA), following all of the normal movement rules, when the opposing coach declares that one of their players is going to perform a Pass action. This move is made after the range has been measured and the target square declared, but before the active player makes a Passing Ability test. Making this move interrupts the activation of the opposition player performing the Pass action. A player may use this Skill when an opposition player uses the Dump-off skill, but should this player Fall Over whilst moving, a Turnover is caused.

Additionally, during each Start of Drive sequence, after Step 2 but before Step 3, one Open player with this Skill on the receiving team may move up to three squares (regardless of their MA). This Skill may not be used if a touchback is caused when the kick deviates and does not allow the player to cross into their opponent's half of the pitch.

**Right Stuff\*:** If this player also has a Strength characteristic of 3 or less, they can be thrown by team-mate with the Throw Team-mate skill.

This Trait may still be used if the player is Prone, Stunned, or has lost their Tackle Zone.

**Sidestep:** If this player is pushed back for any reason, they are not moved into a square chosen by the opposing coach. Instead you may choose any unoccupied square adjacent to this player. This player is pushed back into that square instead. If there are no unoccupied squares adjacent to this player, this Skill cannot be used.

**Sneaky Git:** When this player performs a Foul action, they are not Sent-off for committing a Foul should they roll a natural double on the Armour roll.

**Sprint:** When this player performs any action that includes movement, they may attempt to Rush three times, rather than the usual two.

**Stand Firm:** This player may choose not to be pushed back, either as the result of a Block action made against them or by a chain-push. Using this Skill does not prevent an opposition player with Frenzy skill from

performing a second Block action if this player is still Standing after the first.

**Strong Arm:** This player may apply a +1 modifier to any Passing Ability test rolls they make when performing a Throw Team-mate action.

A player that does not have the Throw Team-mate trait cannot have this Skill.

**Stunty\*:** When this player makes an Agility test in order to Dodge, they ignore any -1 modifiers for being Marked in the square they have moved into, unless they also have either Bombardier trait, the Chainsaw trait or the Swoop trait.

However, when an opposition player attempts to interfere with Pass action performed by this player, that player may apply a +1 modifier to their Agility test.

Finally, players with this Trait are more prone to injury. Therefore, when an Injury roll is made against this player, roll 2D6 and consult the Stunty Injury table.

This Trait must still be used if the player is Prone, Stunned, or has lost their Tackle Zone.

**Tackle:** When an active opposition player attempts to Dodge from a square in which they were being Marked by one or more players on your team with this Skill, that player cannot use the Dodge skill.

Additionally, when an opposition player is targeted by a Block action performed by a player with this Skill, that player cannot use the Dodge skill if a Stumble result is applied against them.

**Take Root\*:** When this player is activated, even if they are Prone or have lost their Tackle Zone, immediately after declaring the action they will perform but before performing the action, roll a D6:

1. On a roll of 1, this player becomes 'Rooted':
  - A Rooted player cannot move from the square they currently occupy for any reason, voluntarily or otherwise, until the end of this drive, or until they are Knocked Down or Placed Prone.
  - A Rooted player may perform any action available to them provided they can do so without moving. For example, a Rooted player may perform a Pass action but may not move before making the pass, and so on.
2. On a roll of 2+, this player continues their activation as normal

If you declared that this player would perform any action that includes movement (Pass, Hand-off, Blitz or Foul) prior to them becoming Rooted, they may complete the action if possible. If they cannot, the action is considered to have been performed and no other player on your team may perform the same action this team turn.

**Thick Skull:** When an Injury roll is made against this player (even if this player is Prone, Stunned or has lost their Tackle Zone), they can only be KO'd on a roll of 9, and will treat a roll of 8 as Stunned result. If this player also has the Stunty trait, they can only be KO'd on a roll of 8, and will treat a roll of 7 as a Stunned result. All other results are unaffected.

**Throw Team-mate:** If this player also has a Strength characteristic of 5 or more, they may perform a Throw Team-mate action, allowing them to throw a team-mate with the Right Stuff trait.

**Timm-ber!:** If this player has a Movement Allowance of 2 or less, apply a +1 modifier to the dice roll when they attempt to stand up for each Open, Standing team-mate they are currently adjacent to. A natural 1 is always a failure, no matter how many team-mates are helping.

This Trait may still be used if the player is Prone or has lost their Tackle Zone.

**Wrestle:** This player may use this Skill when a Both Down result is applied, either when they perform a Block action or when they are the target of a Block action. Instead of applying the Both Down result as normal, and regardless of any other Skill either player may possess, both players are Placed Prone.
